

# AMANDA HITS THE CHARTS

Embarking on a cross country tour to promote her new album, we show Amanda how to mix and match a few key pieces to provide her with a full wardrobe.

Classically trained and contemporary in sound, Toronto's Amanda Morra is poised to bring a fresh, new voice to the charts and airwaves with her debut album, set to be released in the spring of 2009. Her music is a mix of dance hooks, rich R&B undertones and intimate ballads. Amanda is thrilled that she will soon unveil her unique music to the Canadian scene and the world.
